1. Introduction

- 1.1. Keeping Children Safe in Education (September 2021) states that “safeguarding and promoting the welfare of children is everyone’s responsibility”. This is defined within the statutory guidance as protecting children from maltreatment; preventing impairment of children’s mental and physical health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.
- 1.2. The Elliot Foundation Academies Trust and each academy within the Trust have a responsibility to deter, reject and prevent people from working with children who pose a risk of harm by adhering to statutory responsibilities to undertake appropriate processes and checks in relation to potential employees, volunteers and other relevant stakeholders and taking proportionate decisions on whether to pursue any additional checks beyond what is ordinarily required.
- 1.3. This procedure sets out the processes in place to ensure that both the Trust and individual academies fulfil their responsibilities in relation to safer recruitment practices. It has been created having due regard to both the statutory requirements and recommended best practice as identified in the related documents above.

2. Safer Recruitment Training

- 2.1. In accordance with the Keeping Children Safe in Education (September 2021) guidance, the Trust and academies will ensure that those involved with the recruitment and employment of staff have received appropriate training. As a minimum, at least one member of every interview panel will have completed an accredited safer recruitment training programme.
- 2.2. In addition, the Trust and academies will strive to ensure as many members of staff, Trustees and Community Council members involved in recruitment and selection processes will have completed this training. This will be achieved through the provision of an online course and/or regular training sessions provided by an accredited trainer targeting new employees whose roles are likely to involve recruitment and selection, together with the operation of a rolling programme of refresher training for existing employees.
- 2.3. Certificates of course completion will be retained on the attendee’s personnel file and a record kept, together with refresher dates, on a central log of training which will be held and maintained by the central HR Team for head office staff and by academies for academy based staff.

- 2.4. In addition, the Trust and academies will ensure that those postholders responsible for the administration of recruitment and safer recruitment checks will also receive suitable training to ensure they understand the importance of safer recruitment and how to effectively conduct **and record** the appropriate checks.

3. Recruitment Material

- 3.1. Prior to advertising a job, the Trust/academy will consider the post and type of individual required, including the necessary skills, abilities, experience, behaviours and attitude/motivation and values towards children and young people **and the safeguarding requirements of the post including to what extent there will be contact with children**. They will define the role in a job description and person specification ensuring that these factors are reflected in the documents.
- 3.2. All recruitment material will evidence the Trust/academy's commitment to safer recruitment by specifically stating this and that any successful candidates will be required to undergo satisfactory safeguarding checks, including but not limited to a Barred List Check, Disclosure and Barring Service Check and reference screening (Appendix A).
- 3.3. **Candidates will be informed that the post is exempt from the Rehabilitation of Offenders Act 1974 and provided with information about the amendments to the Exceptions Order meaning some offences are protected (filtered) and do not need to be disclosed.**
- 3.4. **Candidates will be informed that it is a criminal offence to apply for a post of employment which will include working in regulated activity relevant to children and young people if they are barred from doing so.**
- 3.5. In addition, relevant posts will also be advertised citing the requirement to provide a satisfactory Childcare Disqualification Declaration.
- 3.6. The Trust's relevant template application form (**Appendix B1-B3**) will be provided to all applicants to ensure key information is captured from them, including:
- the applicant's full work history;
 - reason for leaving their previous post;
 - qualifications;
 - referees; and
 - a signed declaration the content is true.

Applicants are also asked to provide a personal statement to meet the person specification. CVs may be accepted to enhance the application form but will not be accepted as an alternative.

4. Shortlist and Interview Process

- 4.1. At the outset of a recruitment process, the shortlist and interview panel will be identified to include at least one member who has completed accredited Safer Recruitment Training.
- 4.2. Shortlisting will take place by at least two members of the recruitment panel.
- 4.3. Invitations to interview (Appendix C) will include a Disclosure Form (Appendix D) which requires the interviewee to declare:
 - all criminal convictions, cautions, warnings and bindovers (save for those which are protected/filtered, see paragraph 9 for further details) and provide an explanation in relation to each one where relevant;
 - details of any period of 6 months or more living or working abroad in the 5 years immediately preceding their application;
 - confirmation of whether they have been subject to any safeguarding investigation
 - confirmation of whether they are known to police and/or social care in a non-professional capacity
- 4.4. The Disclosure Form must be completed by the applicants and returned to the Trust/academy prior to or on arrival at interview.
- 4.5. Invitations to interview will also require interviewees to produce identification and certificates confirming their relevant qualifications as per their application form and the relevant person specification at interview (Appendix C). These should be photocopied on arrival to interview at the Trust/academy and returned to the candidate before their departure from site.
- 4.6. Invitations to interview will reiterate that references will be requested in advance of interview and request that the interviewee ensures their referees are aware of this and asks for their co-operation in a speedy response (please refer to paragraph 8 for further details).
- 4.7. The interview panel will be required to identify any gaps in employment from the application form and record their discussions in relation to these gaps with the interviewee at interview and whether the panel were satisfied with the explanation. They will also be required to record any discussion in relation to relevant aspects of the references, particularly any issues of concern. The paperwork recording these discussions must be retained on the successful candidate's personnel file (Appendix E).

- 4.8. The interview panel will ensure that questions are asked of each candidate that **explore the candidate's motivations for working with children and applying for the role and** their understanding, attitude towards and experience of **working with children and** safeguarding issues. The panel will avoid hypothetical questions and instead will probe the candidate's own experiences and judgements where at all possible (examples of safeguarding questions can be found at Appendix F).
- 4.9. All candidates will be advised at interview that the post will be subject to an enhanced DBS Check and will be asked whether the candidate has been the subject of any caution, conviction or other relevant involvement with the police in order that the details of this can be discussed at interview. This paperwork recording this discussion must be retained on the successful candidate's personnel file (Appendix E).

5. Offer of Employment

- 5.1. Following the determination of an employee appointment, the following information and documentation must be provided by the interview panel to the individual at the Trust/academy administering the appointment process to allow expedient checks to be undertaken:
- written confirmation of appointment, providing details (name, role, start date, hours/weeks/teaching percentage, salary and any other relevant details);
 - photocopies of certificates provided by the candidate at interview;
 - photocopies of identification provided by the candidate at interview; and
 - relevant interview materials, to include interview notes and paperwork confirming discussions in relation to gaps in employment and any criminal record.
- 5.2. Any agreed start date will be contingent on safer recruitment checks having been satisfactorily completed before the start date, save for *exceptional* circumstances (please see paragraph 20 for further details).
- 5.3. The Trust/academy will provide the successful candidate with a conditional offer of employment letter which makes it clear that the appointment is subject to the satisfactory completion of the relevant safer recruitment checks and that their start date is contingent on those checks being completed prior to the start date (Appendix G). The letter will request the candidate's co-operation in pursuing those checks.
- 5.4. Immediately upon receipt of the relevant information, the Trust/academy will ensure that the personal details of a new employee appointment are entered on the relevant Single Central Record and details of the checks will be added as they are completed (please refer to paragraph 22).

6. Safer Recruitment Checks - Introduction

- 6.1. Any offer of employment will be subject to satisfactory completion of the following safer recruitment checks where applicable to the post in question:
- a) Identification (see paragraph 7);
 - b) Reference screening (see paragraph 8);
 - c) Disclosure and Barring Service Check (see paragraph 9);
 - d) Barred List check (see paragraph 10);
 - e) Right to Work in the UK (see paragraph 11);
 - f) Teacher Prohibition Order (see paragraph 12);
 - g) Medical Fitness (see paragraph 13);
 - h) Childcare Disqualification (see paragraph 14);
 - i) Professional Qualifications (see paragraph 15);
 - j) Further checks for those having lived and/or worked abroad as applicable (see paragraph 16);
 - k) **Overseas Professional Standing Check** (see paragraph 17); and
 - l) S128 Check (see paragraph 18).
- 6.2. The Trust/academy will instigate these checks expediently and maintain a record of progress in relation to the checks in accordance with their internal procedures.
- 6.3. The results of the checks will be recorded on the Trust/academy's Single Central Record (please refer to paragraph 22).
- 6.4. The progress of these checks will be reviewed regularly to ensure expedient progress and will be escalated internally should the rate of progress indicate that the checks may not be completed by the agreed start date.
- 6.5. In instances that the necessary safer recruitment checks are not in place prior to the intended date that employment is scheduled to commence, the start date will be postponed until completion of those outstanding checks save for *exceptional* circumstances. In such exceptional circumstances, a determination may be made to proceed with the employment on the original intended start date. However, a full risk assessment will be conducted and recorded in accordance with paragraph 20 and Appendix M. **In these circumstances an identity and a Barred List check will be completed prior to the start date.**

7. Safer Recruitment Checks - Identification

- 7.1. The Trust/academy will verify a new appointment identification by checking relevant original documentation in accordance with current Home Office guidance, at least one form of which will be photo identification such as a passport or photo driving licence.
- 7.2. Interview candidates will normally be asked to bring relevant identification with them to interview (Appendix C) and a photocopy of this will be taken during the interview process.

- 7.3. If relevant identification has not been provided by the appointed employee at the interview stage, the Trust/academy will ensure this is provided and checked prior to the individual's start date.
- 7.4. Confirmation of this check will be recorded by the Trust/academy on the relevant Single Central Record. However, in accordance with relevant data protection requirements, a copy of this identification will not be retained once identity has been established, except for the identification which is required to be retained by the Border Force in order to demonstrate entitlement to work in the UK (please refer to paragraph 11).

8. Safer Recruitment Checks - Reference Screening

- 8.1. Every job applicant will be required to provide the details of at least two referees as part of the application process, including their current or most recent employer.
- 8.2. The Trust/academy will request and pursue the return of references for candidates shortlisted for interview prior to the interview date. Candidates will be asked to assist with this process when invited for interview by contacting their referees themselves too, seeking a prompt return of the reference to the Trust.
- 8.3. In circumstances in which a shortlisted candidate requests that references are not sought prior to the interview date, consideration will be given to this request. If the interview proceeds without references having been sought and the candidate is appointed, the Trust/academy will make it clear that any verbal and written offer of employment is made subject to receipt of two satisfactory references and that the Trust/academy may wish to discuss the content of the references with the candidate upon receipt.
- 8.4. Reference requests will provide the referee with a copy of the job description and person specification relevant to the post applied for. They will request specific confirmation of the referee's view as to the candidate's suitability to work with children and young people and whether there are any current disciplinary issues outstanding or on file, or were at the point of termination of employment where employment has ceased (Appendix H).
- 8.5. Referees will be advised that the content of any reference provided may be shared with the candidate.
- 8.6. Open references **or references provided by the applicant themselves** will not be accepted in any circumstances.

- 8.7. The interview panel will be provided with copies of the references to discuss the content of the references with the candidate at interview and will check the reference content for consistency against the application information provided by the candidate.
- 8.8. In circumstances in which it proves impossible to acquire two written references prior to interview, the Trust/academy will endeavour to acquire a verbal reference from the referee as an interim measure. The content of any verbal reference will be recorded and provided to the interview panel. However, it will not replace the requirement to acquire a written reference from the relevant referee should that candidate be offered a post of employment and any offer of employment will make it clear that it is made as a conditional offer subject to receipt of any outstanding written references.
- 8.9. Where a conditional offer of employment is made prior to return of at least two satisfactory written references, the individual will not start employment with the Trust until the outstanding reference/s have been returned satisfactorily, save for *exceptional* circumstances and subject to a suitable risk assessment (please refer to paragraph 20 and Appendix M).
- 8.10. References will be deemed satisfactory subject to the content of the reference and only when:
- when provided as hard copies, they are signed by the referee and on headed paper or when accompanied by a compliment slip or official stamp or electronic versions can be verified as originating from a legitimate source;
 - when provided electronically, where the source of the electronic reference is established as legitimate and the covering email retained alongside it; or
 - where the referee is no longer employed by the relevant organisation themselves, with formal confirmation of the professional capacity that the reference is provided by the relevant organisation.
- 8.11. Any concerns of a safeguarding nature disclosed on a reference will be considered by the CEO/HR Director and/or Executive Principal/Principal and advice will be sought from relevant internal and external sources, where appropriate before a decision is made as to how to proceed on a case by case basis. **This may include contacting the referee to clarify content where the information is vague or insufficient.** If a decision is taken to proceed with an appointment in these circumstances, a risk assessment will be completed and retained on the individual's personnel file (please refer to paragraph 20 and Appendix M).

- 8.12. Following an offer of employment, the progress in relation to reference screening will be recorded by the Trust/academy in accordance with their internal procedures. Once received, copies of the references will be retained on the employee's personnel file and the details recorded on the Trust's Single Central Record.

9. Safer Recruitment Checks - Disclosure and Barring Service Check (DBS)

- 9.1. Individuals employed to work on a basis which constitutes Regulated Activity will be subject to an enhanced Disclosure and Barring Service Check (DBS check) prior to commencing work (please refer to Appendix I for a definition of Regulated Activity).
- 9.2. The Trust/academy will process a DBS Check as expediently as possible upon offer of appointment but not earlier than three months prior to the scheduled start date to ensure the validity and relevance of the check. Please refer to Appendix J for details of the identification required to process a valid DBS check.
- 9.3. The progress of the inherent stages of a DBS Check will be recorded by the Trust/academy using their own internal procedures. Any delay in acquiring the check will be identified by the Trust/academy and both the individual and their appointing manager will be alerted.
- 9.4. The Trust/academy will ensure that they are provided with sight of the original DBS certificate prior to the individual's start date and will ensure that they have checked the content. The Trust/academy will record that they have done so along with the details of the DBS check on the DBS Seen Form (Appendix K) which will be retained on the employee's personnel file and recorded on the relevant Single Central Record.
- 9.5. Where the employee has subscribed to the DBS Update Service, the Trust/academy will check the content of the DBS Update for the employee in question and require sight of the original DBS certificate prior to the individual's start date (please refer to Appendix K for guidance on how to conduct a DBS Update Service check). The Trust/academy will ensure that they have checked the content of the certificate and will record that they have done so along with the details of the DBS check on the DBS Seen Form (Appendix L) which will be retained on the employee's personnel file and recorded on the relevant Single Central Record.

- 9.6. If a DBS check is returned identifying any criminal record, the CEO or HR Director and/or Executive Principal or Principal, will meet with the individual concerned to discuss the matter and address the following points:
- the nature of the role the individual is appointed to perform within the Trust/academy;
 - the nature of the offences/criminal record;
 - the explanation by the individual in relation to the circumstances of the criminal activity;
 - the time that has lapsed since the last criminal activity was recorded;
 - the attitude shown by the individual in relation to any commitment not to reoffend; and
 - whether the individual declared the criminal activity on their Disclosure Form at the interview stage and/or the DBS Check application.
- 9.7. A record of the discussion and determination as to whether to proceed with the appointment will be retained, along with any necessary risk assessment on the employee personnel file (please refer to paragraph 20 for further details and Appendix M).
- 9.8. If an employee has spent six months or more living and/or working abroad in the five years immediately preceding their appointment, then a further check/s will be conducted by way of Certificates of Good Conduct from the relevant country/countries (please refer to paragraph 16 for further details).
- 9.9. Some minor offences are filtered or protected and will not appear on a DBS Certificate (see Appendix N for further details). The Trust/academy will have provided candidates with details of the Exceptions Order and will not expect employees to have disclosed such filtered or protected offences on the Disclosure Form used at interview stage.

10. Safer Recruitment Checks - Barred List Check

- 10.1. The Trust/academy will ensure that a Barred List check has been conducted in relation to every employee in regulated activity **prior** to their start date (please refer to Appendix I for a definition of Regulated Activity).
- 10.2. The Trust/academy will ensure that the progress in relation to Barred List checks will be recorded in accordance with their internal procedures and when acquired, the details will be recorded on the relevant Single Central Record and a copy placed on the employee's personnel file.
- 10.3. If any employee is barred from working with children by virtue of the Barred List, the Trust/academy will withdraw all offers of employment **with immediate effect** and report the individual's attempt to secure work within a barred setting to the appropriate authorities via the Trust's central HR Team.

11. Safer Recruitment Checks - Right to Work in the United Kingdom

- 11.1. It is an offence to employ anyone who is not eligible to work in the UK, [Employer's Guide](#). Therefore, a right to work in the UK check will be undertaken by the Trust/academy in relation to every employee **prior** to their start date. If the relevant identification confirming the right to work in the UK has not been provided by the employee at the interview stage, the Trust/academy will ensure this is provided and checked prior to the individual's start date.
- 11.2. The check will be fulfilled using relevant original documentation in accordance with current Home Office guidance, at least one form of which will be photo identification from the Government's [Right to Work Checklist](#). A record of the check will be completed by the Trust/academy which identifies the documents seen and verified and the date of the check. The record of the check and relevant documents will be retained on the employee's personnel file and recorded on the relevant Single Central Record..
- 11.3. The check may be replaced by a government online Right to Work check for: :
- non-EEA nationals who hold biometric residence permits or biometric residence cards
 - EEA/EU citizens who have been granted settled status prior to 1 July 2021 under the EU Settlement Scheme.
- 11.4. Checks for EEA/EU citizens who have not participated in the EU Settlement Scheme and are presenting identification from 1st July 2021 onwards will need to present a residence permit under a Skilled Worker visa.
- 11.5. Evidence of the right to work check will be retained on the employee's personnel file and recorded on the relevant Single Central Record.
- 11.6. In circumstances in which time limited right to work in the UK is evidenced, a follow-up check will be conducted by the Trust/academy in sufficient time prior to expiry of the limited period.

12. Safer Recruitment Checks - Teacher Prohibition Check

- 12.1. It is a statutory requirement to check all employed teachers and those support staff engaged to perform teaching work against the online Teacher Regulation Agency Prohibited List to ensure they are not prohibited from teaching (previously conducted by the National College for Teaching and Leadership (NCTL)). Therefore, the Trust/academy will ensure that this check is completed prior to the employee's start date.
- 12.2. The check will be conducted using the TRA online facility [Teacher Regulation Agency](#). The check will be printed and retained on the employee's personnel file and recorded on the Trust's Single Central record.

- 12.3. If any teacher or relevant member of support staff is prohibited from teaching, the Trust/academy will withdraw all offers of employment with immediate effect and report the individual's attempt to secure work within teaching to the appropriate authorities via the Central HR Team.

13. Safer Recruitment Checks - Medical Fitness

- 13.1. It is a requirement that the Trust/academy verifies an employee's mental and physical fitness to perform their work duties.
- 13.2. Employees will be required to complete an occupational health questionnaire after an offer of employment has been made.
- 13.3. The completion of the occupational health questionnaire by the employee and receipt of the subsequent certification of Fitness for Work will be tracked by the Trust/academy via their internal procedures.
- 13.4. Certification of Fitness for Work will be retained on the employee's personnel file and recorded on the Trust's Single Central Record.
- 13.5. If the Trust's occupational health advisors require further information before being able to assess medical fitness for the role, the Trust/academy will ensure they communicate the importance of engaging with the occupational health provider to facilitate this with the employee.
- 13.6. If the Trust/academy's occupational health advisors provide a report detailing medical information in relation to an employee's fitness for work, this will be considered by the CEO or HR Director and/or Executive Principal/Principal. Usually a meeting will be arranged with the individual concerned to discuss the report and address the following points:
- the nature of the role the individual is appointed to perform within the Trust/academy;
 - the nature of the medical condition/information provided by the occupational health advisors and the individual concerned and the impact of this on their ability to perform the role they have been appointed to perform;
 - whether the terms of the Equality Act 2010 are applicable;
 - the advice provided by the occupational health advisors in relation to possible support and management of the medical condition which should be considered by the Trust/academy; and
 - the business operation of the Trust/academy which will include possible impact of any adjustments on service delivery (including teaching and learning), colleagues and cost implications.

- 13.7. The Trust/academy will pay the cost of the medical assessment for fitness to work. However, in circumstances that the employee/trainee does not attend or take a telephone appointment which has been scheduled by the occupational health advisors in order to enable them to make their assessment, the Trust/academy will contact the employee/trainee to advise a second appointment will be made and remind them that the offer of employment/offer of training placement is contingent on certification of medical fitness and will be withdrawn if not provided (Appendix O).

14. Safer Recruitment Checks - Childcare Disqualification Declaration

- 14.1 The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018, Childcare Act 2006 and the Disqualification under the Childcare Act 2006 Statutory Guidance (August 2018) require that childcare disqualification checks should be carried out on those individuals who are employed or engaged in roles which fulfil the following categories:

Early Years (birth up to and including Reception age):

- Those providing any care for Early Years children
- Those directly concerned in the management of such provision

Later Years (children under 8 years of age):

- Those employed or engaged to work in childcare provided by the Trust for Later Years children **outside of school hours**
- Those directly concerned in the management of such provision

- 14.2 The Trust/academy will identify on appointment any new employees/trainees or volunteers/regular visitors/self employed individuals whose role fulfils the above criteria. They will ensure the individual completes the appropriate self declaration form prior to the commencement of the relevant work (Appendix P).
- 14.3 The declaration form will require the individual to confirm whether they are disqualified from providing early or later years childcare or from being directly concerned in the management of that childcare. The completed declaration will be retained on the individual's personnel file and recorded on the Trust's Single Central Record.

- 14.4 If an individual refuses to complete the relevant declaration or declares a disqualification, this will be referred to the CEO/HR Director who will discuss and agree how to proceed on a case by case basis. If satisfied that an individual working or appointed to work in a relevant setting falls within one of the disqualification criteria in the 2009 Regulations, a referral will be made to Ofsted and consideration given as to whether the individual may be eligible to apply for a waiver from Ofsted in order that they may continue to work in that setting/proceed with their appointment. Consideration may be given to re-deployment into a role which does not fulfil the relevant childcare disqualification criteria whilst the matter is being addressed. However, the individual will not be permitted to work with Early Years or Later Years children in a relevant capacity whilst the matter is considered and until resolved.
- 14.6 It should be noted that Trustees and **Community Councils** members will not be required to complete this check unless their role requires them to be more directly involved in the management of the relevant care than would ordinarily be required in the role of Trustee or governor.
- 14.7 It should also be noted that the following roles would normally be excluded from this check:
- caretakers
 - cleaners
 - drivers
 - transport escorts
 - catering staff
 - office staff

15. Safer Recruitment Checks - Professional Qualifications Check

- 15.1. The Trust/academy will ensure that they check the relevant professional qualifications of new employees in accordance with the person specification essential criteria.
- 15.2. Interview candidates will be asked to bring their qualifications as cited on their application form and the person specification to interview (Appendix C) and a photocopy of these will be taken during the interview process (please refer to paragraph 4.5).
- 15.3. If relevant qualifications have not been provided by the employee/trainee at the interview stage, the Trust/academy will ensure these are provided and checked prior to the individual's start date.
- 15.4. Confirmation of this check will be recorded by the Trust/academy on the Single Central Record and a copy of the relevant qualifications will be retained on the employee/trainee's personnel file.

16. Safer Recruitment Checks - Overseas Checks

- 16.1. If an employee or trainee has spent six months or more living and/or working abroad in the last 5 years leading to appointment then a further check/s will be conducted by way of Certificates of Good Conduct from the relevant

country/countries. The employee or trainee will be responsible for acquiring such certificates (at their own cost where relevant) and providing them to the Trust/academy (further government guidance can be found here <https://www.gov.uk/government/publications/criminal-records-checks-for-overseas-applicants>).

- 16.2. The Trust/academy will place a copy of the overseas certificate/s of good conduct on the employee/trainee's personnel file and record the details on the relevant Single Central Record.
- 16.3. Where required, Certificate/s of Good Conduct should be acquired prior to the employee's start date. However, often overseas checks can take a number of months to be processed, therefore the Trust/academy will take the following steps:
 - write to the prospective employee using the template located at Appendix T to inform them that an overseas criminal record check is required and provide them with the necessary guidance using the relevant website to enable them to apply for the check;
 - ask the individual to provide evidence of the criminal record check having been processed (eg. fingerprints processed, receipt of payment for the check to be undertaken);
 - place evidence on the personal file of the criminal record check having been chased; and
 - once the check has been obtained, place it on the personal file and record it on the SCR.
- 16.4. Where the check has not been obtained prior to the start date, a risk assessment will be undertaken to assess the individual circumstances and any necessary measures to mitigate the risk of commencing the employment prior to receipt of the certificate/s (please refer to paragraph 20 and Appendix M). In such cases, a deadline of three months from start date will be specified for the provision of the certificate/s. Failure to provide the certificate/s within this time period **may** result in withdrawal of the offer of employment/training **based on the individual circumstances**.

- 16.5. If a Certificate of Good Conduct is returned with any criminal record or information of concern, the CEO or HR Director and/or Executive Principal or Principal, will meet with the individual concerned to discuss the matter and address the following points:
- the nature of the role the individual is appointed to perform within the Trust/academy;
 - the nature of the offences/criminal record on the overseas check;
 - the explanation by the individual in relation to the circumstances of the criminal activity;
 - the time that has lapsed since the last criminal activity was recorded;
 - the attitude shown by the individual in relation to any commitment not to reoffend; and
 - whether the individual declared the criminal activity on their Disclosure Form at interview stage and/or the DBS Check application.
- 16.6. A record of the discussion and determination as to whether to proceed with the appointment will be retained, along with any necessary risk assessment on the employee personnel file (please refer to paragraph 20 for further details and Appendix M).

17. Safer Recruitment Checks - Overseas Professional Standing Check (previously European Economic Area (EEA) Prohibition/Sanction Check)

- 17.1. As a result of the UK leaving the EU, from 1st January 2021 the Teacher Regulation Agency Teacher Services system no longer maintains a list of those teachers who have been sanctioned in EEA member states.
- 17.2. A Professional Standing Check is to be completed in relation to any employee who has qualified or worked abroad in a role governed by a regulatory or professional body (including a support staff role).
- 17.3. Where required, a letter of professional standing from the professional regulating authority in the country in which the applicant has worked should be obtained prior to the employee's start date. Advice about which regulatory or professional body applicants should contact is available from the National Recognition Information Centre for the United Kingdom, [UK NARIC](#).
- 17.4. However, often overseas checks can take a number of months to be processed, therefore the Trust/academy will take the following steps:
- write to the prospective employee using the template located at Appendix T(b) to inform them that a letter of professional standing is required and provide them with the necessary guidance using the relevant website to enable them to apply for the check;
 - ask the individual to provide evidence that they have formally requested the letter of professional standing (eg. copy correspondence or email and receipt acknowledgement, receipt of payment for the check if required);

- place evidence on the personal file of the letter of professional standing having been requested and chased if relevant; and
 - once the check has been obtained, place it on the personal file and record it on the SCR.
- 17.5. Where the check has not been obtained prior to the start date, a risk assessment will be undertaken to assess the individual circumstances and any necessary measures to mitigate the risk of commencing the employment prior to receipt of the certificate/s (please refer to paragraph 20 and Appendix M). In such cases, a deadline of three months from start date will be specified for the provision of the check. Failure to provide the check within this time period **may** result in withdrawal of the offer of employment/training **based on the individual circumstances.**
- 17.6. If a Letter of Professional Standing is returned with any information of concern, such as a prohibition, restriction or sanction, the CEO or HR Director and/or Executive Principal or Principal, will meet with the individual concerned to discuss the matter and address the following points:
- the nature of the role the individual is appointed to perform within the Trust/academy;
 - the nature of the concerns recorded on the check;
 - the explanation by the individual in relation to the circumstances of the concerns;
 - the time that has lapsed since the last concerning activity was recorded;
 - the attitude shown by the individual in relation to any commitment to remedy their conduct; and
 - whether the individual declared the concerning information at interview stage and/or the Professional Standing Check stage.
- 17.7. A record of the discussion and determination as to whether to proceed with the appointment will be retained, along with any necessary risk assessment on the employee personnel file (please refer to paragraph 20 for further details and Appendix M).
- 17.8. Records of previously conducted EEA Prohibition/Sanction Checks will still be retained on the relevant personnel file and Single Central Register.

18. Safer Recruitment Checks - Section 128 of the Education and Skills Act 2008 Direction Check

- 18.1. A section 128 check will identify whether the Secretary of State has issued a direction under s128 of the Education and Skills Act 2008 prohibiting or restricting a person from taking part in the management of an independent school, academy or free school.
- 18.2. The Trust/academy will ensure that they check whether a s128 Direction has been issued by checking the DBS certificate for any member of staff or governor appointed to a role which will entails management or taking part in the management of an academy or the Trust or by checking the list maintained by the Teacher Regulation Agency (previously held by the NCTL) using the online facility [Teacher Regulation Agency](#).
